### COMMENTS:

I CREATED THIS GRAPHIC BECAUSE I WAS REFERRING TO THE PDF FILE TOO OFTEN FOR MY LIKING. I USE A 19" LCD FLAT PANEL DISPLAY, WHICH RUNS A NATIVE RES. OF 1280x1024. BECAUSE OF THIS, 1024x768 IS THE SIZE I CHOSE TO MAKE THIS REF SCREEN AT. I REALIZE THAT IT ISN'T GOING TO BE IDEAL FOR EVERYONE. IT'S NOT SUPPOSED TO BE. I MADE THIS FOR MYSELF, BUT ANY BODY ELSE IS FREE TO USE IT AS WELL.

KEEP A LOOK OUT FOR MY CAKEWALK SONAR XL 2.0 VISUAL QUICK REFERENCE AT A NEWSGROUP NEAR YOU. =]
